# Meranti

Meranti features curvilinear transaction counters in your choice of glass, solid surface, or wood veneer; laminate work surfaces; wood veneer vertical surfaces with 1/8" black reveals; and a 4" recessed toe-kick.

# Boxwood

Boxwood features glass, solid surface, wood veneer, or laminate transaction counters with a 3" front overhang; laminate work surfaces; wood veneer vertical surfaces with 1/8" black grid-style reveals; and a 4" recessed toe-kick.

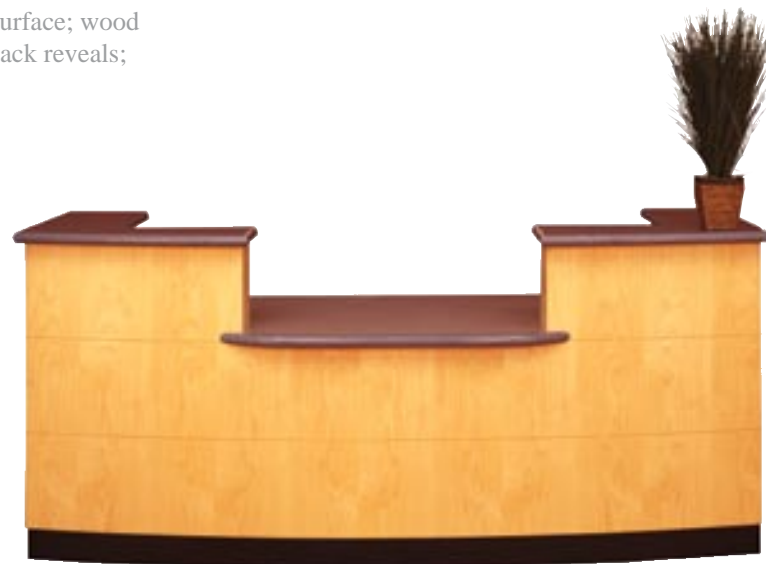

# Custom

Novikoff's clients enjoy the diversity of our eleven standard reception stations that were created to inspire, however many wish to incorporate their own custom design elements. Our engineers' creativity and problem-solving skills teamed with our woodworkers' craftsmanship and knowledge allow us to turn a client's ideas, visions and dreams into reality. Novikoff's craftsmanship and precision engineering combine to create reception stations to blend transaction materials like stone, glass, and solid surface with the warmth of natural wood or laminate for a unique design.

# Rosewood

Rosewood features exquisite solid surface transaction tops on either side of a laminate or solid surface sit down height work surface; wood veneer vertical surfaces with 1/8" black reveals; and a 4" recessed toe-kick.

# Obeche

Obeche features a chic combination of materials including wood veneer or glass transaction counters; laminate work surfaces; wood veneer vertical surfaces with a reverse diamond pattern; 3" metal face stanchions; and a 4" recessed toe-kick.

# Cocobolo

Cocobolo is a true work of art featuring solid surface transaction counters with a 3" front overhang; laminate work surfaces; wood veneer vertical surfaces with hardwood picture frame details; 6" columns; and a 4" recessed toe-kick.

# Koa

Koa's contemporary lines provide a slick, clean station in an "elle" shape that is sure to please. Koa is available with high pressure laminate or veneer vertical surfaces; high pressure laminate work surfaces; and solid surface, wood veneer, glass, or high pressure laminate transaction tops. Another option is the applied plexi-glass shown attached with brushed metal stanchions or perhaps a decorative custom wood veneer piece.

# Bubinga

Bubinga features stylish transaction counters in laminate, wood veneer, or solid surface; laminate work surfaces; wood veneer vertical surfaces with herringbone panels accented with an ornamental black center piece; fluted columns; 1/4" black reveals; and 4" hardwood base molding. (Shown with *Quartered Bubinga wood veneer accent panels available at an upcharge.*)

# Sequoia

Sequoia features simple, clean lines with glass, solid surface, wood veneer, or laminate transaction counters with a 3" front overhang; laminate work surfaces; laminate or wood veneer vertical surfaces; and a 4" recessed toe-kick. There are a variety of custom decorative accents to add pizzazz to the face of this beautiful reception station.
